## NATION ON EDGE AWAITING OUTCOME OF THE DRAWING FOR SERVICE IN THE ARMY

First numbers drawn from Sierra Madre.

2119 John Lorenzini.  
2128 W. P. Dennison.  
2108 M. H. Clark.  
2082 Senso Hamane.  
2116 Dick Boyd.  
2139 Magnus Funmark.

(These represent approximately the first 1500 numbers drawn at Washington.)

With the great drawing for national service in progress at Washington today, the whole country has been at the highest pitch of expectancy over the result. Telephone, Telegraph and newspaper offices have been besieged with inquiries for news, some beginning early this morning. As the numbers drawn began to come in interest approached the fever heat, especially among the eligibles, their families and friends.

This morning's papers announced complete change in the system of drawing, making the process several hours longer and delaying the final news until late this afternoon. Instead of drawing the unit numbers of the control sheets, and then the numbers from 1 to 1000, it was de-

cided at the last moment to draw the numbers individually from 1 to 10,500, that being the largest number of registrations in any one district.

Under the latter system each number drawn would represent a thousand men on an average. Consequently it would be necessary to draw 1000 numbers to get a million men. It is expected that it will be necessary to examine and pass about 1,500,000 men to get 650,000 men for service. So that any man holding one of the 1500 numbers drawn stands a chance of being called for examination. The numbers of all registered men in the country will be drawn. That will determine the order in which they are liable to be called until the required number are secured.

### Engineers Leave Soon

Company B. of the California Engineers is expected to get under way for American Lake, Washington, some time tonight or Saturday. Owing to the wedding out process of the final examinations it was necessary to recruit more men, which was still in progress last night.

The men who go from Sierra Madre with the Company are Sergt. H. H. Steinberger, Ben Medley, John Olsen, Wade Fallis Robert Clark, and Raymond Adelmeyer. Roydon Pool was given his discharge for a defect in hearing, much to the regret of the company, for he was one of the crack shots of the organization.

### REMOVALS FROM DRAFT DISTRICTS

Local Boards Should be Notified of Whereabouts in Case of Change

Person who have registered for the draft in the local district and who change their address would confer a favor upon the Board and upon the authorities charged with the administration of the selective military service law if they would communicate with the Board at once at its headquarters at City Hall, Alhambra, giving in each case the name of the registrant and the new address.

The sixth district of Los Angeles Co., includes the following precincts:

Precincts 1 to 15 inc. Alhambra.

Arcadia City.

Precincts 1 and 2 El Monte.

Precincts 1 to 7 inc. Lamanda Park.

Linda Vista.

Mount Lowe.

Precincts 1 to 3 inc. San Gabriel.

San Marino City.

Precincts 1 to 3 inc. Sierra Madre City.

Precincts 1 to 12 inc. South Pasadena City.

Precincts 1 to 3 inc. Altadena.

Precincts 1 and 2 Duarte.

Precincts 1 and 2 El Monte City.

Leftland.

Precincts 1 to 10 inc. Monrovia City.

Precincts 1 to 3 inc. Ramona.

Precincts 1 and 2 San Gabriel City.

Santa Anita.

Anyone who has moved beyond the limits of the district may in this manner be able to arrange if his name be drawn for his appearance before the Exemption Board having local

### MONTGOMERY RESIGNS: HAM NEW ATTORNEY

Appointment of Marshal Is Delayed by the City Trustees

Resignation of City Attorney C. C. Montgomery and Marshal Steinberger were presented and accepted at the adjourned session of the city trustees Monday evening. Both were accepted at once.

Kenneth M. Ham Jr., was appointed to the position of city attorney, receiving the votes of all four trustees, Messrs. Caskey, Evans, Nourse and Dietz, Trustee Sperry being still absent on his auto tour. Mr. Ham was called by phone to the city hall and sworn in, taking the chair vacated by Mr. Montgomery at the right hand of his honor, the mayor.

At the suggestion of Mr. Montgomery, the board deputized him to serve without pay in prosecution of cases arising under the burro and sanitarium ordinances which had been prepared by him. He said he did not wish to be regarded as a quitter and felt it incumbent upon him to see such cases through to a conclusion.

Action on the office of marshal and street superintendent was deferred until a later meeting. Two applications were read.

jurisdiction over the territory to which he removes.

Persons residing in this district whose registration cards are in another jurisdiction should communicate with the local board having possession of their cards and ascertain their serial number. If drawn they will doubtless be able to secure a transfer and authority to appear for examination before the Local Board of this district. This will in many cases prevent unnecessary travel.

### REDONDO PICNIC NEXT THURSDAY

Varied Attractions for the Annual Board of Trade Event

Arrangements are practically completed for the 8th annual beach picnic of the Board of Trade, to be held next Thursday July 26th at Redondo Beach. Secretary Hawks and Chairman Pegler of the entertainment committee have been arranging details this week and indications point to a large attendance.

Special through cars will be available both ways, making the trip without change. The cars will leave Sierra Madre at 8 a. m. The leaving time for the return trip will be announced on the train going down and at the picnic. Excursion tickets purchased in advance will be good on any car during the day. Rate for adults, 80 cents; for children, 40 cents.

### Beach Concessions

Through the Redondo Beach Chamber of Commerce many special concessions have been arranged for the benefit of the picnickers wearing the Sierra Madre badges which will be provided. These include a 15-cent rate at the big bath house, free use of the picnic grove, with free ice water and free gas and gas plates. The check room privileges at the pavilion will be free, and the dancing floor will be free between 3 and 5 p. m.

Practically all stores in Sierra Madre will be closed all day next Thursday on account of the picnic.

### WHAT IS THE USE?

This will be the subject of Mr. Wilson's address next Sunday night at the Congregational Church. There will be special music. The service will be bright and brotherly. Strangers and non-church-goers will be especially welcomed. Mr. Wilson will preach at the morning service at eleven on "The Value of Discontent." Sunday school starts at 9:45. Lesson: Sennacherib's Invasion of Judea. Text: II Kings 18:13-19:37.

Kenneth Burton of Ocean Park visited last week with his uncle, George Humphries of Piedmont Heights. He has since started for New York, Montreal and England, having joined the British Royal Engineers. Mr. Burton is the oldest son of Mr. and Mrs. Burton, former residents of Sierra Madre.

### ARE BAND CONCERTS WORTH YOUR SUPPORT?

War Will Make Necessary the Hiring of Players to Fill Vacancies

Owing to the enlistment of Messrs. Bob Clark, Wade Fallis and Charles Downs, the Sierra Madre Band will lose three members. Others may be drawn for service later. This fact will make it necessary to hire three or more players to assist at the concerts which Director Webster has planned for every Friday night this summer.

How is the money to be raised? The simplest way, which has been suggested by a number of persons, seems the taking of a collection among the crowd which assembles to enjoy the concerts. The experiment will be tried tonight. The result may have an important bearing on the question of continuing the concerts.

Remember that all the local members give their services without pay for your enjoyment, both for rehearsals and concerts. Won't you help a little?

### TAX LIMIT LAW CAN'T BE HELD UP

Attorney General Rules Referendum Law Does Not Apply

According to a statement issued by the Tax Payers' Association of California, the action of the Attorney-General of the state in formally holding that Assembly Bill No. 1013, the five percent limit law, is not subject to the referendum provisions of the Constitution, should be extremely welcome to the taxpayers of California.

This law is beyond doubt the best law for the protection of the taxpayers that has been passed in recent years, and the nullification of the attempted referendum is a decided victory for the people of the state and will not work injury, either directly or indirectly, upon any branch of governmental activity.

It is confidently predicted that instead of being injured the schools will be particularly benefited by the operation of the law. Under it waste in all county departments will be reduced to a minimum, thereby leaving more money for such legitimate purposes as require more money. If the schools really require more money than they are now receiving this new law affords them the best possible means of proving their necessities.

### MAIL SCHEDULES TO BE CHANGED

Radical Revision Made Necessary by Retrenchment On Santa Fe

Radical changes in the mail schedule for Sierra Madre are made necessary by the changes which go into effect on the Santa Fe beginning Sunday. The new mail schedule is as follows:

Received and Distributed  
From East From West  
7:50 a. m. 9:45 a. m.  
9:45 a. m. 3:05 p. m.  
3:05 p. m.

Outgoing Mails Close  
Westbound Eastbound  
7:05 a. m. 8:45 a. m.  
8:45 a. m. 2:15 p. m.  
6:00 p. m.

The new schedule embodies some advantages and some disadvantages. It will now be possible to deposit mail for Los Angeles and other western points as late as 6 p. m. But to connect at Los Angeles for the night trains going to San Francisco and other northern points it will be necessary to deposit mail in time for the 8:45 a. m. dispatch as the evening mail will not make the connection.

Heretofore it has been necessary to deposit mail as early as 7:10 a. m. for the morning dispatch westbound. Under the new schedule mail will be received for the west up to 8:45 a. m.

The principal disadvantage of the new schedule will be the later receipt of the bulk of the morning mail, which will come in at the same time both from the east and west. It will be distributed about 10 a. m., whereas it has been distributed under the old schedule at 8 and 9 a. m. respectively.

The changes in schedule are made by the railroad with the purpose of cutting out some local trains and avoiding as many stops as possible. This will make it necessary to dispatch part of the mails by the "catcher" pouch, in which only letters and mail of small bulk can be sent. Consequently, practically all parcel post mail will be dispatched on the mails which are made up for east and west at 8:45 a. m. Patrons should bear this in mind when sending perishable goods.

### SANTA FE TRAINS Schedule In Effect Sunday, July 22nd

### OFFICERS ELECTED

The Down and Out Club, consisting of past officers of the Woman's Club, held their annual picnic at the home of Mrs. F. Wright on Tuesday. Tables were set on the lawn for the serving of the delicious luncheon. Mrs. Ingraham, the president, presided. Five dollars was voted to buy wool for the use of the Girl's Friendly Society, for Red Cross work. The newly elected officers are: Mrs. Frank J. Hart, president; Mrs. Louis Dietz, secretary; Miss Ethel Powell, treasurer.

## WOMEN JOIN IN COUNCIL OF DEFENSE

Sierra Madre Women are taking hold of the food conservation idea with interest, and are preparing to line up with the work of the Women's Council of State and National Defense. Organization of a local committee was effected Tuesday at the home of Mrs. Frank Wright, the following officers being chosen: Chairman, Mrs. Frank Wright. 1st Vice Chairman, Mrs. G. F. Ferris.

2nd Vice Chairman, Mrs. W. J. Saunders.

Secretary, Miss Ethel Powell. Treasurer, Miss Lydia Webster.

Plans of the Women's Council include the following, where locally applicable: Registration for service, Home Relief, Allied Relief, Food Production, conservation and thrift, Americanization, Labor of women, Public health, Child welfare, Instruction courses, Protective regulation, Conservation of moral and spiritual forces. (All that properly come under the Red Cross work will be left to that organization to avoid duplication.)

### Pledges Distributed

The food pledge cards for housewives were distributed at the churches Sunday morning and have been handed out directly to the women. The response has been very ready. Some have held back, perhaps because they did not feel that they could carry out all the terms of the pledge literally and specifically. It is explained that this need not deter signers, as it is the spirit of the pledge that is desired and not the letter. It is merely an effort to promote conservation and the unified spirit of helpfulness.

### Oppose Liquor Waste

Many women have expressed themselves very strongly against cutting down the supply of grain for food in this country while it is still converted into liquor both in this country and abroad. Some refused to sign the pledge for that reason. Others signed, with the written demand added that the waste of grain in liquor manufacture should be stopped. In that way they showed not only their desire to stop one of the greatest of food wastes, but also showed that they were not going to try to right one wrong with another. They were willing to start out by setting the good example.

It is urged that all who have not yet turned in their signed pledges return them to the churches or to the Red Cross rooms, saving the labor of collecting them for the committee.

### THE EPISCOPAL CHURCH

Church of the Ascension, the Rev. Dr. George H. Cornell, Rector. Seventh Sunday after Trinity. Sunday School, 9:45 A. M. Morning prayer and Sermon, 11 A. M. All are cordially invited.

### CIVIC LEAGUE MONDAY

The regular meeting of the Sierra Madre Civic League will be held at Woman's Club House at 8 o'clock Monday night. The general public is invited and urged to attend. Please bring your answer to the question, "Why Does Sierra Madre Not Grow?"

Mr. and Mrs. George Humphries are visiting in Los Angeles with their daughters, Miss Hilda Humphries and Mrs. Paul Baugh.

## Band Concert this Evening July 20th

1. March—National Emblem.....Bagley
2. Overture—Black Queen.....White
3. Waltz—Annette.....Baxter
4. March—Battleship Connecticut.....Fulton
5. Selection—Gems of Stephen Foster, American Fantasin.....Tobain
6. March—Two Step—America First.....Losey

Star Spangled Banner

Special Note—Three members of the band have enlisted for the war. It will be necessary to hire out of town substitutes for them. This expense, it is believed, will be gladly borne by the people who enjoy the weekly concerts. Consequently, a collection will be taken, for which a liberal response is desired.

day family dinner party at the  
home of Mr. and Mrs. George  
B. Morgridge in honor of her  
birthday anniversary.

IOWA GOVERNOR  
PICNIC SPEAKER

Summer Gathering to be Held  
at Long Beach on  
Aug. 11

The Iowans in Southern Cali-  
fornia are looking forward with  
unusual interest to the great  
annual summer picnic, as they  
are to have as their guest or hon-  
or and speaker of the day, Gov-  
ernor William L. Harding of  
their old home state.

The Iowa Association of  
Southern California will hold the  
summer picnic reunion in beauti-  
ful Bixby Park, Long Beach,  
Saturday, August 11, 1917, and  
the Hawkeyes from all sections  
will be expected to rally to give  
a hearty greeting to the gov-  
ernor of the Hawkeye state.

This will be an all-day gather-  
ing, with a basket picnic dinner  
at the noon hour. Coffee will be  
provided by the association. The  
program will commence about  
two o'clock, presided over by the  
president of the association,  
Judge Frank R. Willis of the Su-  
perior court of Los Angeles  
county.

There will be patriotic songs  
and brief addresses in addition  
to the governor's speech. This  
will be the first time in the his-  
tory of the Iowa Association  
that it has had the privilege of  
having the governor of the home  
state as its guest and every ef-  
fort will be made to give him a  
royal welcome.

## SIX RULES FOR PREVENTING FIRES IN THE MTS.

1. Matches—Be sure your match is out before you throw it away. Matches whose heads glow after the flame is out are dangerous.
2. Tobacco—Throw pipe ashes, and cigar or cigarette stumps in the dust of the road, and stamp or pinch out the fire before leaving them. Don't throw them into brush, leaves or needles.
3. Making Camp—Build a small camp fire. Build it in the open, not against a tree or log, nor within fifteen feet of standing brush. Scrape away the trash from all around it.
4. Leaving Camp—Never leave a camp fire, even for a short time, without quenching it with water and then covering it with earth.
5. Bonfires—Bonfires are not permitted on the Angelus National Forest.
6. Fighting Fires—If you find a fire, try to put it out. If you can't, get word to the nearest U. S. Forest Ranger or State Fire Warden at once. Keep in touch with the rangers.

GROCERS ARE ASKED  
TO CUT EXPENSES

Economic Loss in Delivery Sys-  
tems Said to Be  
Enormous

How the retail grocers of this  
country can render immediate  
and vital service in the present  
war emergency is indicated in a  
letter just sent out by the Com-  
mercial Economy Board of the  
Council of National Defense.  
The official announcement by  
this board covering federal ac-  
tion.

## The Official Call

Investigations conducted by  
the board show that a tremen-  
dous amount of man-power and  
money now tied up in unneces-  
sary and wasteful work can be  
released for immediate war  
service.

It points out that delivery ser-  
vice can be very substantially  
reduced; and that it can be re-  
duced immediately by restrict-  
ing the free delivery of small  
purchases, by eliminating special  
deliveries altogether, and by  
other means.

It further points out that thru  
these changes in methods are re-  
quested as a powerful instru-  
ment in winning the war, they  
are based on principles of sound  
business, and should not only  
work a hardship on nobody, but  
would correct abuses and leak-  
ages long suffered by the trade.

"There is such urgent need  
for men and equipment in other  
work," says the letter, "that the  
country cannot endure the waste  
that is occasioned by the ac-  
commodation deliveries of small  
purchases. If possible, not more  
than one regular delivery a day  
should be made over each route.  
These changes in delivery meth-  
ods should be introduced as soon  
as practicable, certainly not later  
than August 1, 1917."

In line with these recommen-  
dations, M. D. Welscher has an-  
nounced that he will restrict de-  
liveries very materially after  
August 1, and in addition will  
sell only for cash. The Central  
Market will be operated by Wm.  
Dennison also as a cash market.

CRACK ARTILLERY  
REGIMENT FORMING

Special Chance for Older Men  
to Get Into Action  
Quickly

"The main reason why we are  
hurrying recruiting in the new  
Field Artillery Regiment just  
authorized for California," said  
Stewart Edward White, the au-  
thor, who is serving as recruit-  
ing officer for south of the Teha-  
chapi, "is to give the man sub-  
ject to draft a chance to choose  
his service. If he enrolls, passes  
his physical examination and  
is mustered in before he receives  
his draft card from Washington,  
he thereby escapes his draft ob-  
ligations and can serve with this  
unit of his choice. If, on the  
other hand, he is drafted, he  
goes where he is sent—perhaps  
to the Philippines or to the Mex-  
ican border to relieve trained  
men."

"Field Artillery is a crack ser-  
vice. Every enlisted man has  
his own job to perform; he is  
not used as is the infantryman;  
he is in all the fighting, follows  
closely to consolidate every ad-  
vance, and yet he is just far  
enough back of the first line to  
avoid bombs, liquid fire, machine  
guns and all the rest of the  
trench pleasantries, including  
living in the trenches them-  
selves. He has no endless foot  
slogging; there are over five  
hundred horses in a full regi-  
ment and if he does not ride one  
of them, he gets a seat on a gun  
cassion. And he has a good  
chance of promotion."

"There are about one hundred  
and fifty non-commissioned offi-  
cers. These men have responsi-  
bility far in advance of an In-  
fantry non-commission. They  
work the guns, the sights, the  
firing, micrometers, fuse setters,

### RED CROSS NOTES

The local chapter of the Red Cross has received very urgent requests from the National Red Cross Headquarters to fill and ship several boxes of hospital garments and other made up articles used in hospitals, but it is impossible for the officials of the local chapter to meet this situation as promptly as they would like to see it done.

The local chapter has over 400 members, fully one half of which could advantageously work up a garment or two a

month, and thereby bring the work of this chapter somewhere near the point of efficiency of what is expected of it.

The chapter rooms are open every afternoon with some one in attendance who will give out work and the officials again appeal for workers. It is hoped that a large number will come forward and help in the cause.

The following names have been added to the regular membership: Mrs. J. A. Webb, Mrs. Palmer Rhodes and Mr. and Mrs. S. R. G. Twycross.

There is still a shortage of 12 names to complete the Volunteer

\$1-a-month subscribers to make up the 50. Miss Avis Preston at the News office will receive names for this list.

The following new members were added Red Cross Week: Miss Meta L. Campbell, Miss Ida M. Singer, Mrs. Minnie E. Kimball, Sam L. Graham, Arthur Johnson, Jr., Mrs. Geo. Kloucheck, Mrs. Sarah Brooks, Miss Annie Keeling, Wm. H. Scott, Mrs. Annie Wallace, Miss A. M. Wallace, Mrs. G. I. Farman, Ernest Green, Mrs. E. I. Merrill, H. L. Bergen, Chas. B. Klunk Sr. Mrs. Chas. B. Klunk, Chas. B. Klunk, Jr., M. W. Pursell, Mrs. E. Gulick, Monroe Johnson, Mrs. C. D. Ward, Mrs. A. D. Clough, A. E. Pettit, Mrs. Chas. J. Mueller, Mrs. S. E. McMillan, A. F. Snell, Elias Gewurz, Arthur Johnson, Sr., James N. Hawks, Mrs. L. A. Littleton, Hattie J. Marvin, Kenneth Wyvell, Marshal Wyvell, Chester Wyvell, Lillian Wyvell, Mrs. Merton Clark, Merton Clark, Mrs. S. B. Wilson, Harold Pegler, Rev. C. C. Wilson, Haramoto, Mrs. Howard Hill, W. L. Stubbs, Mrs. Geo. W. LeRoy, Mrs. Lydia Williams, J. G. Williams, Miss Ellen Preston, Miss Margarette Preston, Miss Marjory Maughlin, Frank D. Inman-Kane, Joseph E. Hall, Girl's Friendly Society, Mrs. A. C. Canida, Halbert E. Bateman, Miss Hardenburg, Miss Mary E. Hollister.

These names bring the total membership to 473, a record to be proud of.

If any others who made subscriptions and who are not members of the Red Cross wish one dollar of their contribution to be used as a membership fee, they should notify Mr. C. W. Forman not later than Monday. After that the complete records will be sent to headquarters and it will no longer be possible to make the entry in that way.

### TO REACH SIERRA MADRE

By Trolley—Take Sierra Madre cars leaving hourly at Pacific Electric Station, 6th and Main, Los Angeles. The scenic ride is the most beautiful on the Pacific Electric system. From Pasadena, take Lamanda Park car, change at El Camino.

By Auto—From Los Angeles by way of North Broadway and Huntington Drive to Colorado St., Santa Anita Ave. to Foothill Blvd. Turn north at Sierra Madre or Baldwin Ave. Or, take any route through Pasadena, then east on Colorado St., to Santa Anita Ave., then by Foothill Blvd., and Sierra Madre or Baldwin Ave.

Sierra Madre's peculiar charm has been felt and praised by nearly everyone who ever visited and lived here. Many factors combine to make the charm potent—the sense of exaltation in life on the heights; the inspiring view; the invigorating air, kept pure by the currents moving continually up and down the slope; the feeling of intimacy with the nearby mountains; the ease with which a love for outdoor life and recreation is gratified; the great variety of available homesites; the conveniences of the city with all the joys of life in the country.

It is as a home community that Sierra Madre claims pre-eminence. Here you can have a small house and lot, a larger place with fruit and garden plot, or a few acres with an orchard. Everything grows well here and Sierra Madre has suffered less from frost than any other community.

No community has a higher type of citizenship. Socially and morally Sierra Madre ranks high. There is a cosmopolitan population recruited from all over the world.

Sierra Madre has made rapid progress in the movement for civic beauty, with clean streets and beautiful homes and gardens. Public health is guarded scrupulously. The Board of Trade and city administration are constantly at work upon enterprises which promote the community welfare.

#### WHAT NATIONAL PROHIBITION MEANS

From the noise that is made about it among the wets, one might think prohibition meant murder.

It doesn't.

It simply means more food, and that means lower food prices.

It means more efficient labor, and that means greater output, and that means lower prices again.

It means that the men who are now making beer and whiskey would begin to make the equivalent of what they consume, and that, again, means lower prices for you.

It means more car space for legitimate commodities, and that means faster handling of freight, and that means lower prices.

It means more ship tonnage to be used in transporting material for our boys in France and for our allies, and that means not only lower prices for our allies, but the lives of American boys saved for America.

Incidentally, it means less crime, and that means less taxes. It means less pauperism, and that means less taxes. It means less insanity, and that means less taxes. It means less disease and death, and that means infinite myriads of things for the good old U. S. A.!

### ADVERTISING PAYS

Redondo Reflex:—Many times the country newspaper man has to work very hard to convince a merchant it pays to advertise. If there is any class of men who should continually tell the people through the columns of the newspapers what they have to sell it is the merchant in the small country town. He is the one who has to compete with the big mail order houses and the closeby city merchants. He must keep telling his people what the prices are each week or they will take it for granted his prices are higher than the city stores advertise, and they will send their money out of town.

As proof that it pays to advertise in the country papers we quote from a letter received from the B. F. Goodrich Rubber company, which is making an extensive advertising campaign in the country newspapers this year:

"We thoroughly appreciate the value of our advertising in the out-of-town papers this year, and inasmuch as business has enormously increased during the year 1917 we, of course, attribute a great deal of this success to our newspaper campaign."

Surely if a firm of the reputation of the Goodrich Rubber company is willing to admit they get results from the country newspaper advertisements there is no excuse for the local merchant trying to say it doesn't pay to advertise.

The truth is that the local merchant knows it does pay to advertise, but he does not give it the proper amount of time to learn how to advertise his goods. The firms like one mentioned spend more money in one advertisement than the average country merchant will spend in a whole year.

Such recommendations as the one above ought to make the country merchant "sit up and take notice." The Goodrich company is going into the country for its business. Does it not stand to reason that the business is there if the merchant will only go after it?

### WHY THE GOVERNMENT PUBLICITY

#### AGENT IS DISLIKED

The Public:—Mr. George Creel, chairman of the Committee on Public Information, is under savage attack from metropolitan newspapers and rival press associations unaccustomed to any interference in their scramble to print the news first. It is for the public to remember that Mr. Creel is cordially disliked, because of his record as a "muck-raker," by every reactionary publisher and editor in the country, and that Washington correspondents are informally but closely and effectively organized against the heterodox outsider. A Washington correspondent of the flunky type, so common there, could have assumed Mr. Creel's duties and made far worse mistakes than he may have made without a word of complaint from the journals that are now condemning Mr. Creel with so little reserve. Without full knowledge of the facts and without attempting to deny that Mr. Creel has made mistakes, The Public will continue to regard it as a favorable omen that he is the target of abuse from such sheets as the New York Sun.

### INTERESTING TO HESITATING PATRIOTS

Hemet News:—The interesting news comes from across the Atlantic that not even the police could keep the French girls from hailing the American soldier with kisses as the troops marched through the streets of Paris. Information of this kind should put a patriotic feeling into the heart of even the most persistent of registration slackers.

## "TARA GWIN" UNFERMENTED TABLE WINE

The greatest non-alcoholic reconstructive stimulant, blood-maker and tissue-builder. The brain and nerve food for the young and old. TARA GWIN is recommended by many leading physicians, and is used in conjunction with the St. Luke's system of treatment for tuberculosis, for which the discoverer received the thanks of the late King Edward VII. TARA GWIN gives greater power of resistance against disease and the effects of old age than any known tonic, and greatly increases the power of physical endurance. It is the stimulant for delicate young people, for men and women in middle life, and for all who wish to preserve health and vigor and beauty of youth. TARA GWIN is indispensable to athletes, tourists, and is the most valuable item in the camping kit.

### DOG'S SAGACITY SAVES LIFE

"Fannie," a stray Collie, doomed to take the gas route at the city pound, won life and a home for herself by her intelligence.

While Humane Animal Inspector Wilson was repairing his auto, the dog, which, because of evident refinement of breeding, had been given the liberty of the yard, dashed up to him, barked repeatedly, and pulled at his coat.

Inspector Wilson finally followed Fannie only to discover the cookhouse in flames. The blaze was quickly extinguished.

Fannie was presented with a collar and a ribbon, and at the same time was designated official watchdog of the pound.—L. A. Times.

### A GOOD WATCH DOG

The following very interesting story was told of a sheep dog or Armadillo County, Arizona, during the hearing on the bill in the New York State Legislature, which would require all dogs to be licensed, and allow any one to shoot an unlicensed animal.

Jim was left alone in charge of a flock of 2,000 Arizona sheep while his master was driven off by a band of raiders. When the master got back Jim had not only protected the 2,000 sheep, but by herding into the flock every stray one he found had increased the number to 6,000.
